WF@Work

WF@Work is a web portal that offers faculty, staff, and student workers electronic access to view their payroll and benefits information.

WF@Work provides many benefits including:

- Giving faculty, staff, and student workers the ability to view personal information from 2005 forward, including current benefit elections, payroll deductions, tax information, pay statements, and W-2 information.
- Streamlining administrative processes and reducing the potential for errors.
- Promoting Wake Forest’s commitment to sustainability by reducing our dependency on paper.
- Greater security for your personal information.

To access WF@Work, log into your WIN account and click the WF@Work link at the top of the page. For a self-tutorial of the new portal, please use this document.

**Need Technical Assistance getting into WIN?**
